## Testimonials

### Amy M.

Ten years ago this month I reached out to ADAAP for help with my problem with Alcohol. My ADAAP counselor took a very personal approach. She challenged me to get sober & encouraged me when I felt overwhelmed. ADAAP was instrumental in my facing and understanding my disease. I've had over a decade of sobriety, largely because of the support, guidance and first steps I got from the staff at ADAAP!

### Austin C.

The staff here is very attentive, informational and they keep you on the road to recovery. The hours are flexible and the prices are affordable.

### Amanda A.

This program helped me to look at the parts of my life I was ignoring and refused to see. Once I recognized and accepted these situations, I started doing the healing and recovery work! Thank you ADAAP.

### John S.

At the beginning I was nervous and didn't know what to expect. I was immediately made to feel welcome. After a couple of weeks I began to look forward to coming here each week and not only making more and more progress, but seeing the progress made by everyone. We could relate on so many levels, not only substance abuse, but legal issues as well.  
*I couldn't have done it without ADAAP!*

## Never Give Up!

Once there was an older man who was broke, living in a tiny house and owned a beat-up car. He was living off of a \$99 Social Security check. At 65 years of age, he decided things had to change. So he thought about what he had to offer. His friends raved about his chicken recipe. He decided that this was his best shot at making a change.

He left Kentucky and traveled to different states to try to sell his recipe. He told restaurant owners that he had a mouthwatering chicken recipe. He offered the recipe to them for free, just asking for a small percentage on the items sold. Sounds like a good deal, right?

Unfortunately, not to most of the restaurants. He heard "NO" over 1000 times. Even after all of those rejections, he didn't give up. He believed his chicken recipe was something special. He got rejected 1009 times before he heard his first "YES".

With that one success, Colonel Hartland Sanders changed the way Americans eat chicken. Kentucky Fried Chicken, popularly known as KFC, was born.

Remember, never give up and always believe in yourself in spite of rejection.

## Try Just One More Time

### Thomas Alva Edison

He led no armies into battle. He conquered no countries, and he enslaved no people. Nonetheless he exerted a degree of power the magnitude of which no warrior ever dreamed. His name still commands a respect as sweeping in scope and as world-wide as that of any other mortal.

"Be courageous! Whatever setbacks America has encountered, it has always emerged as a stronger and more prosperous nation...Be brave as your fathers before you. Have faith and go forward."

By the time Edison died on October 8, 1931, he had amassed a record 1,093 patents: 389 for electric light and power, 195 for the phonograph, 150 for the telegraph, 141 for storage batteries, and 34 for the telephone.

Here are some of his most famous quotes.

1. I said: "Isn't it a shame that with the tremendous amount of work you have done, you haven't been able to get any results? Edison turned on me like a flash, and with a smile replied: "Results! Why, man, I have gotten lots of results! I know several thousand things that won't work! I haven't failed. I am not discouraged because every wrong attempt discarded is often a step forward."
2. Genius is one percent inspiration and 99% perspiration.
3. Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.
4. When you have exhausted all possibilities, remember this--you haven't.
5. Non-violence leads to the highest ethics, which is the goal of all evolution. Until we stop harming all other living beings, we are still savages.
6. I never did a day's work in my life. It was all fun.
